

Workplace and Digital Foundations

GAC-001 · Week 1 of 4 · GentsAcademy Core

Study independently · keep a notebook · save your evidence

THIS WEEK'S OUTCOME

Communicate clearly in a workplace context.

STUDY RHYTHM

6 hours

Short sessions work best: Read · Watch · Make · Reflect.

START HERE · IN PLAIN LANGUAGE

In plain language, this lesson helps you work on communicate clearly in a workplace context.. Treat workplace communication as a skill you can build in small steps: study one idea, compare it with a real Liberian or regional example, and save a short piece of evidence of what you understood.

01

READ

Find the main idea.

02

WATCH

Notice a method.

03

MAKE

Try it locally.

04

REFLECT

Check what changed.

Your learning path

READ FOR THE IDEA

Read for the main idea:
Communicate clearly in a workplace context.

WATCH FOR THE METHOD

Watch for one method or example connected to workplace communication.

MAKE EVIDENCE

Apply the idea locally and save portfolio and professional development plan.

ESSENTIAL QUESTION

How could workplace communication improve a real situation connected to Workplace and Digital Foundations?

Write one sentence before you begin. Revisit it after you apply the activity.

Detailed lesson notes

CONCEPT NOTE

This original lecture note places “Communicate clearly in a workplace context.” inside the wider work of Workplace and Digital Foundations. The week is not only about remembering a definition. It is about understanding the choices behind the work: professional communication, digital confidence, employability, and personal progress. Begin with a realistic school, workplace, or community task, then use the linked academic source to compare your first idea with a more formal explanation.

A useful way to learn this topic is to move from a situation to a decision and then to evidence. First describe what is happening and who needs a better result. Next identify the information, people, tools, or constraints that shape the decision. Finally make a small, responsible attempt and explain what you would improve. This sequence keeps self-study practical and prevents a learner from copying a solution without understanding the reason for it.

01 • PURPOSE

Purpose: connect workplace communication to the outcome
“Communicate clearly in a workplace context.”.

02 • METHOD

Method: clarify the task, choose a useful tool, complete a small draft, and ask for focused feedback.

03 • EVIDENCE

Evidence: save a short record that another learner could understand and review.

INSTRUCTIONS • WORK IN ORDER

1. Read the guide and linked source for the main concept; write down two unfamiliar terms.
2. Describe a local or regional example without including private or identifying information.
3. Complete the weekly exercise using safe sample data, a fictional scenario, or your own non-sensitive work.
4. Review your result against the self-check questions and record one improvement for the next session.

WEEKLY EXERCISE

Exercise: Workplace and Digital Foundations learners should clarify the task, choose a useful tool, complete a small draft, and ask for focused feedback. Use the week’s focus as your test case and save portfolio and professional development plan.

Learn from trusted sources These materials extend this original GentsAcademy guide. They remain owned by the named providers. Read or watch using the source's own access and licence terms.

ACADEMIC READING · SOURCE RECORD

Workplace Software and Skills

Provider	OpenStax
Kind	Open textbook
Licence / access	CC BY
Official URL	Open official source at openstax.org

Use it this week: Read selectively for this week's workplace communication work.

UNIVERSITY OR PROFESSOR VIDEO · SOURCE RECORD

Business and workplace learning videos

Provider	Stanford Graduate School of Business
Kind	University lecture or official educational video
Licence / access	Access terms apply; video remains the property of its provider and platform.
Official URL	Open official source at youtube.com

Use it this week: Watch with the Workplace and Digital Foundations learning outcome in mind; take notes on an idea to test locally.

Turn study into skill

PRACTICE LABORATORY

Complete a guided workplace communication and professionalism activity using a Liberian or regional case study.

Keep your work simple, local, and real. A basic note, recording, checklist, screenshot, calculation, or plan is valid practice.

EVIDENCE CHECKLIST

- ☐ I named the main idea.
- ☐ I noted one example.
- ☐ I tried one small action.
- ☐ I saved portfolio and professional development plan.

SELF-CHECK · BEFORE YOU FINISH

1. What is the main idea in your own words?
2. Which decision or assumption most affects the result?
3. What evidence would show that your approach is useful and responsible?
4. What is one next action I can test or improve?

REFLECT AND CONNECT

In 3–5 sentences, explain how this week's concept could improve a real organisation, community service, workplace, or learner project. Identify one assumption, one risk, and one action you would test next.

Vocabulary + notebook

Use this final page as a learning checkpoint. Clear terms and brief notes make independent study easier to continue.

SMALL SELF-STUDY GLOSSARY

self-directed study (self-study) means you manage your own learning plan. **learning evidence (evidence)** is the proof you save. A **learning source (source)** is credited to its original provider.

Glossary reference list

evidence – learning evidence: A saved note, plan, calculation, recording, checklist, or other item that shows what you can do.

self-study – self-directed study: A learner plans, studies, practises, and checks understanding without waiting for a live class.

source – learning source: An external reading or video credited to its original provider.

MY NOTE BANK

The one idea I want to remember:

The example I will look for this week:

FINISH WELL

Choose a time for your next study session. Small regular sessions are more useful than waiting for a perfect long study day.

SHARE SAFELY

Discuss an idea with a trusted peer, mentor, or colleague. Keep your own notes and do not share sensitive personal or workplace data.

GentsAcademy created this original self-study guide and the learning image representing young Liberian learners. External readings and videos remain owned by their providers. Their title, provider, kind, licence/access note, and official URL are shown above for transparent, responsible use.
